

ANTI-ROBBING SECURITY JET MACHINE

Emergency case: Anti Robberies on Bank, jewel stores, pawn shops, atms convenient stories.

● **Markets & Applications:**

FRONTI offers a unique solution to this robbery problem. The system can be remote trigger, or when sensors detect an intruder, both it will be triggered alarm and then within very short time to fill smog in the room, the shop or warehouse with thick non-transparent smog. This smog prevents burglars from entering the room for at least.

In these thirty minutes, burglars cannot see in the room. The spread smog has light mint smell which is colorless and leaves no trace.

It ejects smog to pervade the whole area in few seconds to scare away the burglars.

The smog is plant vapor causing no harm to human body.

SMOG system is always installed in the room which contains the most valuable objects, thus limit the burglary damage to stricken minimum.

The smog creates low visibility in large area and stay effect for 30 minutes. It provides the best “ First aid” to the User’s life and property before police or security member arrive.

Emergency case: Robberies. (Bank, jewel stores, pawn shops, convenient stores, atm)
